Fine craftsmanship has been a cornerstone of American architecture for generations. And as we approach our 100th year of building doors, our commitment to craftsmanship is as strong today as it was in the beginning. Our Craftsman Collection allows you to capture the essence of this fine tradition, while making a statement that distinctly reflects your lifestyle.

“OUR DOOR”
[STEP-BY-STEP]

“We were remodeling our home – updating it from a 1970’s look, which, to say the least, didn’t exactly fit our personality – so a whole lot of decisions had to be made. And choosing the right door was one of the big ones.”

— Matt & Gail Peterson, Pittsburgh, PA

Do you want to create this door?
Here’s how they did it:

STEP 1

“First, we decided the Simpson Craftsman Collection was the direction to go, as the art glass options matched our interior.”

STEP 2

“We went for the vertical grain Douglas Fir, as it matched the natural elements in our home.”

STEP 3

“And the fantastic finishing touch was adding a matching sidelight – the folks at Simpson really helped bring that idea to life!”

YOUR LIFE. YOUR DOOR.
